Safety & Security

## solutions

perimeter security  
seasonal closure  
impact resistant  
privacy  
peace of mind

## Safety and Security

Rollshutters form an impenetrable barrier over your windows and doors, enhancing your personal safety and privacy. Conveniently operated from the interior of your home with manual crank hardware or standard motor controls, or even from your smart phone. Rollshutters are a vital part of any truly effective security system, providing around-the-clock peace of mind.

# vusafe storm panels

Storm Protection

whole house protection

**VuSafe, the  
“clear” alternative  
to plywood and  
expensive impact  
windows**

Safer and easier to use and store, our exclusive VuSafe™ storm panel systems have been designed with the end-user in mind. Tough polycarbonate panels let the light shine in when the power goes out. When storms threaten, panels are quickly fitted into pre-installed attachment channels practically unnoticed on your home's exterior. Ideal for screen porches and seasonal closure.

# folding glass walls

Outdoor Living

BRING IN THE OUTDOORS

Outfit your porch or balcony with our folding glass wall systems and transform that space into your favorite place in your home, year round. On windy, rainy, or cool days, keep the glass panels closed for a cozy and comfortable solarium with unobstructed views. Slide the retractable glass open easily for fresh air on those beautiful summer days. You can also add retractable screens to keep pests out.
